About Program :

Our college Genesis Institute of Pharmacy Radhanagari organized Cleanliness Drive under NSS Activity. The main purpose of this programme was to create awareness among the students regarding Cleanliness and its benefits. Under this program, all the students from DCP-I had to participate. Even teachers were the essential part of this drive. As a part of this Cleanliness Drive, we had to clean the whole village. The villagers had to be the observers.

Our Principal started the program by cleaning the corners of the play ground. Then the teachers and students followed suit. Some of us picked brooms and started our job. Some of the students did the dusting of the rooms. And others went to the colonies and started picking wrappers lying scattered there. After collecting them they threw them in to the dustbins. After doing this job for 1 hour, we all assembled in the school hall. There we were given refreshment in the form of Pohe and Tea.

Thereafter our Principal delivered the speech telling us the importance of sanitation. In the end we all took oath of keeping our home, locality and city clean. It was a unique experience for all of us. We were curious to be the part of this great drive that could have transformed the face of our country for ever.
